CONDITIONS OF SALE.

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any Buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence

whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) The option to test shall only operate in the case of bulls realising 75 guineas or over, and females realising 50 guineas or over. The Purchaser may require the Intradermal or Subcutaneous Test for Tuberculosis. The Purchaser may also require the animal to be submitted to an Agglutination Test for Contagious Abortion at a Laboratory approved by the Ministry of Agriculture, and to a test for John's Disease with the biological product known as Johnin. Notice in writing of the intention of the Purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.
- (h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such

incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale whichever is the earlier date.

9. All females born after 1st August, 1949, must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or
- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or
- (c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may

be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

THE SPECIAL PRIZES.

CLASS XVI.—CHAMPION HEIFER.

THE "DUNMORE PARK" CHALLENGE CUP.

A Cup, to be known as the "Dunmore Park Challenge Cup," presented by the late Mr. P. Forbes Jones, of Dunmore Park, Larbert, for the Best Shorthorn Heifer, bred by the Exhibitor, and calved on or after 1st December, 1947. The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession. Animals competing must have passed the Tuberculin Test.

CLASS XVII.—BEST THREE BULLS.

AUCTIONEERS' CHALLENGE CUP.

A Silver Challenge Cup, the property of the Auctioneers, to be competed for annually, will be given for the Best Three Bulls in the Showyard, calved on or after 1st August, 1948, and bred by the Exhibitor or bought in as calves, and to have been in the Exhibitor's possession at least three months previous to the date of the Show.

CLASS XVIII.—BEST THREE BULLS BY SAME SIRE.

THE "PITTODRIE" CHALLENGE CUP.

A Cup, to be known as the "Pittodrie" Challenge Cup, presented by R. Laidlaw Smith, Esq., Pittodrie, Pitcaple, Aberdeenshire, for the Best Group of Three Bulls by the same Sire, the Sire and Dams to be in the possession of the Exhibitor at the date of the Show (death of the Dams or Sire in the Owner's possession not to count against an Exhibitor). The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession.

CLASS XIX.—BEST FIVE BULLS. THE "LOVAT" CUP.

A Cup, to be known as the "Lovat" Cup, presented by Brigadier The Lord Lovat, D.S.O., M.C., Beaufort Castle, Beaulieu, for the Best Group of Five Shorthorn Bulls, bred by an Exhibitor, to be won Five Times in succession before becoming the Breeder's property outright.

CLASS XX.—SENIOR CHAMPION BULL. THE "MILLHILLS" CUP.

The Cup, to be known as the "Millhills" Cup, presented by D. M. Stewart, Esq., Millhills, Crieff, for the Best Shorthorn Bull bred by the Exhibitor, and calved before 1st March, 1949, and not exceeding $2\frac{1}{2}$ years old. The Cup must be won either Three Times in succession by any one Exhibitor, or Five Times altogether, before becoming his property.

CLASS XXI.—JUNIOR CHAMPION BULL.

THE "SECOND LINZEE GORDON TROPHY."

The Cup, to be known as the "Second Linzee Gordon Trophy," presented by Mrs. Claeson-Gordon, of Cluny Castle, for the Best Shorthorn Bull, bred by the Exhibitor, and calved on or after 1st March, 1949. The Cup must be won either Three Times in succession by any one Breeder or Five Times altogether, not necessarily in succession, before becoming his property. The Cup to be returned to Macdonald, Fraser & Co., Ltd., Perth, before 1st January, 1951.

CLASS XXII.—SUPREME CHAMPION BULL.

THE "UPPERMILL" CHALLENGE CUP.

A Cup, to be known as the "Uppermill" Challenge Cup, presented by Mr. James Durno, Uppermill, for the Best Shorthorn Bull, not exceeding $2\frac{1}{2}$ years old, bred by the Exhibitor.

CONDITIONS OF COMPETITION FOR ABOVE CUP.

Animals must be entered for bona-fide sale at a Reserve Price not exceeding 100 guineas, and may not be bought back by the Exhibitor or return to his Farm or Herd. The Cup must be won Three Times by any one Breeder, but not necessarily in succession, and by different Bulls, before becoming his property. The Cup to be returned to Macdonald, Fraser, & Co., Ltd., before 1st January, 1951.

THE "HERDSMAN'S" CUP.

This Cup will be known as the "Herdsmen's" Cup, presented by Señor A. M. Flores Pirán, Agricultural Attaché to the Argentine Embassy, London, to the Herdsman who brings out the Champion of the Show. The Cup will be presented in perpetuity, or may be won outright by a Herdsman who wins it for Three Years in succession, and is to commemorate the first occasion on which an Argentine Judge was responsible for the classification of Scotch Shorthorn Bulls at Perth.

The Calrossie Prize for Herdsmen.—£5 will be given by Captain J. MacGillivray to the Herdsman in charge of the Champion Bull.

RULES OF COMPETITION.

N.B.—Only one attendant with each animal will be allowed in the Judging Ring.

1st. Bulls and Heifers entered for Competition to have been bred by Exhibitor, or bought in as Calves, and in the Exhibitor's possession at least three months previous to the date of the Show, and to have Pedigree entered in Herd Book.

2nd. The Judges to pay special attention to Symmetry of Form, and fitness for Breeding Purposes, rather than Superiority of Weight or Condition.

3rd. No appeal to be taken after the Judges' decision.

4th. None of the Competitors allowed to accompany or interfere in any way with the Judges while engaged in the performance of their duties.

5th. The Prizes are intended for, and can only be gained by Stock sent for *bona fide* Sale, and should any Prize Animals be withdrawn from Sale, or Sold privately, the Prize will fall to the next in order of merit.

6th. The Special Prize of Silver Challenge Cup for the Best Three Bulls in the Showyard at Perth Auction Market, calved on or after 1st August, 1948, bred by Exhibitor, or bought in as Calves and in the possession of the Exhibitor for at least three months previous to date of Show, to be competed for annually. The Cup is the property of Macdonald, Fraser, & Co., Ltd., and the winner of same for the current year must return it to the Company's Registered Office before 1st January, 1951.

All Reserve Prices to be handed to the Clerk of Sale before Nine o'clock on Morning of Sale Day.

Blood Royal 23rd is full sister to Blood Royal 21st, the dam of Millhills Count, sold for 3000 guineas at Perth in 1946.

Kinsman, a massive bull with great bone, is a son of Lawton President Roosevelt from a daughter of Calrossie Reliance. He is the sire of Millhills Despot, junior champion at Perth in 1947, and sold for 3300 guineas to Mr. R. Laidlaw Smith of Pittodrie. Another son, Millhills Decider, was sold for 50,000 pesos—the top price at the September Sale of imported bulls in Argentina in 1948.

Collynie Elect was one of the most impressive sires of recent years. Millhills Yesteryear, sire of the 1948 Perth champion, was from a daughter, and Millhills Climax, sire of the 1948 junior champion, was a son of this great bull.

3 d (123486) Blood Royal 10th	by Millhills Diamond	157771 Mrs. D. Stewart
4 d Blood Royal 2nd	by Collynie Bright Star	130287 Wm. Duthie

Blood Royal 20th is a massive, roan cow, and a good milker.

Kinsman, a massive bull with great bone, is a son of Lawton President Roosevelt from a daughter of Calrossie Reliance. He is the sire of Millhills Despot, junior champion at Perth in 1947, and sold for 3300 guineas to Mr. R. Laidlaw Smith of Pittodrie. Another son, Millhills Decider, was sold for 50,000 pesos—the top price at the September Sale of imported bulls in Argentina in 1948.

Collynie Elect was one of the most impressive sires of recent years. Millhills Yesteryear, sire of the 1948 Perth champion, was from a daughter, and Millhills Climax, sire of the 1948 junior champion, was a son of this great bull.

From an attested herd.

Walshford Augusta 28th is the dam of Walshford Dictator, sold at Perth for 1050 guineas and, after being used for one year at El Inca, re-sold for £1353.

Cruggleton Provan won 1st prize at the R.A.S.E. Show in 1948, and is known as one of the best bulls in the world to-day. He is closely related to Cruggleton Perfect, and his sire is Calrossie Harmony, 1st in his class at the R.A.S.E., who sired Calrossie Welcome, champion at the R.A.S.E. and Highland Shows in 1949.

Calrossie Sunshine is the sire of three bulls which averaged well over 1000 gns.

This calf was 1st in his class at the Crieff Show, and was placed reserve supreme champion.

Millhills Queen, dark roan, is perhaps the best of Collynie Elect's daughters. She is the dam of Mr. Hugh Black's present stock bull, Millhills Zeus.

Kinsman, a massive bull with great bone, is a son of Lawton President Roosevelt from a daughter of Calrossie Reliance. He is the sire of Millhills Despot, junior champion at Perth in 1947, and sold for 3300 guineas to Mr. R. Laidlaw Smith of Pittodrie. Another son, Millhills Decider, was sold for 50,000 pesos—the top price at the September Sale of imported bulls in Argentina in 1948.

Collynie Elect was one of the most impressive sires of recent years. Millhills Yesteryear, sire of the 1948 Perth champion, was from a daughter, and Millhills Climax, sire of the 1948 junior champion, was a son of this great bull.

PERTH SHORTHORN SHOW AND SALE

Duncrahill Champion :: Lawton Bull at 6600 gs. :: 427 Head average £307 10s

THE judging took place under cover as last year in the presence of a large number of visitors, including Shorthorn breeders from all parts of the world. The three classes of females were judged by Mr. John Barnes, Aikbank, Wigton, and the twelve classes of bulls were judged by Dr. Hector Bonadeo, Argentina. The judging was got through very expeditiously, and, with a break of about one hour for lunch, the championships had all been decided by about 4.30 in the afternoon. It was bright sunshine outside, and there was plenty of light in the judging hall, but it was much colder than last week, when the Aberdeen-Angus sale took place.

A large number of grand quality bulls came before the judge. While several herds—Calrossie, Millhills, Cluny Castle, Uppermill, and Grange—were very much in the picture, the leading honours were well distributed, and of the twelve first prizes for bulls two each went to Calrossie, Cluny Castle and Millhills, and the others went, in order of judging, to Uppermill, Glastullich, Lawton, Duncrahill, Grange and West Drums. The Calrossie herd had what is perhaps the unique distinction of taking second place in six successive classes. The female championship was won by Mr. W. F. Ferguson, Wester Moy, Forres, with a full sister of the heifer which was champion last year, and Mr. Duncan M. Stewart, Millhills, Crieff, was reserve with a two-year-old heifer. The judging of the female classes was completed early in the day, after which the whole of the ring space was available for the bulls.

GROUPS.

After all the bull groups had been judged, the competition for the Auctioneer's Cup for best group of three bulls took place, and on this occasion no fewer than nine groups came into the ring, which made the keenest competition we can remember. The groups, in alphabetical order, were—two from Bridgebank, one each from Calrossie, Cluny Castle, Glastullich, Grange, Millhills, Saltoun, West Drums. After the judge had carefully examined all the groups he gave the award to the group shown by Messrs John and D. P. MacGillivray, Calrossie, Nigg, Ross-shire. Their three bulls were Calrossie Adonis, a red by Kirkton Baronet, first in the September-October class; Calrossie Rosewood Fortress, a roan by Calrossie Cupbearer, first in the December class; and Calrossie Revenue, a red roan by Calrossie Cupbearer, second in the Mid-March class. Mr. Duncan M. Stewart's group from Millhills was reserve for the group, his three bulls being Millhills Gold Mine, a dark roan by Kinsman, first in the Older-February class; Millhills Gunner, a red by Calrossie Highland Leader, seventh in the same class; and Millhills Glorious, a red roan by Kinsman, first in the Mid-March class.

The next competition was for the Pittodrie Cup for best group of three bulls by one sire. This trophy also went to Calrossie, the group including Calrossie Rosewood Fortress and Calrossie Revenue, along with Calrossie Royal Embassy, a red roan which was second in the January class, all three being by Calrossie Cupbearer. The reserve award went to Messrs Walter Biggar & Son, Grange, Castle-Douglas, for three bulls by Calrossie Contribution (352899). These were Chapleton Currency and Chapleton Copyright, two whites which were respectively third in the December class, and third in the Younger-February class, and Chapleton Orion, a red which was second in the Older-April class. Other groups were shown from Glastullich and Millhills.

The next competition was for the Lovat Cup for best group of five bulls bred by exhibitor, and here again Messrs MacGillivray took the lead, their five bulls being Calrossie Adonis, Calrossie Rosewood Fortress, Calrossie Revenue, which have already been mentioned, along with Calrossie Sportsman, a red by Millhills Champion, second in the December class, and Calrossie High Tension by Calrossie High Finance, second in the Older-March class. Mr. D. M. Stewart's group, which was placed second, included his group of three already mentioned—Millhills Goldmine, Gunner and Glorious along with Millhills Firefly, a red by Kinsman, fifth in the September class, and Millhills Guardsman, a dark roan March bull by Kinsman. Other groups of five were Bridgebank, Chapleton, Glastullich, and West Drums.

With the judging of the groups completed, Dr. Bonadeo went on to decide the single championships. Eight first-prizewinners paraded for the senior bull championship, including three whites, and eventually the judge's choice fell on one of the whites, Lawton Nelson, the first-prize December bull shown by Major P. H. Henderson, Lawton, Coupar Angus—a thick, blocky, deep bull with level top and beautiful head got by the 2000-gs. sire Kirkton Envoy out of Lawton White Dorothy by Calrossie Fearless. He next inspected the second winner in the same class, but did not require him, and the reserve award went to the first prize January bull Calrossie Rosewood Fortress, a roan by Calrossie Cupbearer out of Calrossie Rosewood Beth (303431) by Glastullich Fortress.

Five first prizewinners then paraded to compete for the Linzee-Gordon Trophy for junior championship, and the judge gave first place to the winner in the Older-March class, Duncrahill Ambition, a useful red roan bull, squarely built with plenty of substance, belonging to Mr. Denis J. Cadzow, East Lothian. This bull (which is a twin) is got by Pittodrie Impression (387962) out of Duncrahill Broadbooks

ALTOGETHER 607 Shorthorns were catalogued for the 86th show and sale held by Messrs Macdonald, Fraser & Co. (Ltd.) at Perth this week. Last year's total was 493. This year there were 492 bulls and 115 females. Trade on the first day was possibly the best ever experienced at Perth; but with the large entry trade fell away on the second day when more than one in four of the younger bulls were withdrawn. For 427 cattle sold the sum of 124,679 gs. was obtained, giving an all-round average of £307 10s 4d. Last year 375 head realised 98,470 gs. and averaged £275 14s 3d. This year 334 bulls averaged £358 14s 5d compared with £298 5s 3d for 316 last year. Many of the best animals were bought for export, including more than 40 heifers for North America; and about 70 bulls, more than half of them for Argentina, while others went to U.S.A., Canada, Australia, New Zealand, and South Africa. The value of animals for export was well over £60,000. Mr. Denis J. Cadzow, Duncrahill, won the championship with a bull which sold at 1600 gs., and Major P. H. Henderson, Lawton, was reserve with a bull which made the top price of 6600 gs.—both for Argentina. As last year the reserve senior and junior champions were from Calrossie, and these sold at 3000 gs. and 3500 gs. Two other Calrossie bulls sold at 5000 gs. each, and one at 4800 gs.; while a Glastullich bull also sold at 5000 gs. Altogether 23 bulls fetched 1000 gs. or more and 146 from 100 gs. to 950 gs.

(246201) by Garguston Masterman. The second prizewinner from Calrossie, which had given him very strong competition in his class, was then brought into the ring, and the judge preferred him to the other first prizewinners, and awarded this bull, Calrossie High Tension, the reserve championship. He is by the 2000-gs. sire Calrossie High Finance that was stock bull at Kinellar, and his dam was Calrossie Flossy Beau by Kirkton Baronet.

Next came the overhead championship—the Uppermill Challenge Cup. The judge awarded the trophy to Mr. Denis J. Cadzow for Duncrahill Ambition, which decision was greeted with applause from the ringside. Major P. H. Henderson's Lawton Nelson was reserve supreme champion. This is the first time that the Perth championship has gone to East Lothian.

HEIFERS.

The heifer classes were judged by Mr. John Barnes, Aikbank, Wigton. There were some good animals in the prize list in each class, but a fairly long "tail end," especially among the younger yearling heifers. Mr. Wm. F. Ferguson, Wester Moy, Forres, won the female championship

(the Dunmore Challenge Cup) for the second year in succession. His champion was Moy Crocus 2nd, a beautiful red-roan February yearling heifer by Crichton Air Marshall (356071) out of Elmley Crocus 9th by Elmley Police Patrol, and full sister to Moy Crocus, the 1949 female champion, which was bought at 800 gs. for Canada. She led in the best class of heifers. The reserve award went to Mr. Duncan M. Stewart, Millhills, Crieff, for Millhills Golden Bird 6th, a handsome red 18-month-old heifer by Calrossie Highland Leader out of a dam by Ascrevie Democrat. Mr. Ferguson's winner in the younger yearling class—a light roan bred by Mr. J. M. Grigor—was second reserve. The class awards were:—

CLASS I.—TWO-YEAR-OLD HEIFERS.—There were a few very good heifers at the head of the two-year-old class, and the first prize went to Mr. Duncan M. Stewart, Millhills, Crieff, for Millhills Golden Bird 6th, a grand deep, blocky dark red with level top, good quarters and near the ground; and the same owner's dark roan Scottish Buttercup 52nd was placed third—both by the 2000-gs. sire Calrossie Highland Leader (352909) out of dams by Ascrevie Democrat. Between them was Stockpole Colleen Charity, a handsome big level white by Crugleton Dunel out of Stockpole Paula Charity, belonging to Messrs John E. Bannison & Son, The Home Farm, Stockpole, Pembroke. Others—4, W. F. Ferguson, Wester Moy, Forres—Moy Beauty, red by Uppermill Leader; 5, G. D. Shiel, Rennington, Jedburgh—Rennington Primrose 3rd, dark roan by Calrossie Silver Crest; 6, Shingartown Farming Co., Klippen—Shingartown Rosewood 2nd, red by Calrossie Authority; 7, Mr. A. MacGregor, Dinna, Whithorn—Blythesome Cottage by Ascrevie Duthie.

CLASS II.—OLDER YEARLING HEIFERS.—Mr. Wm. F. Ferguson's red Moy Crocus 2nd, the female champion, led the older yearling class; and Mr. John Findlayson, Orchard Camp, followed with the symmetrical red Calrossie Estelle 2nd by Dece First Command; third award went to Sir J. Rennie Izat of Ballileisk, Muckhart, for Ellieslea Lavender, another very attractive red by Crugleton Brumel; Mr. Arthur Green, Highfield, Denton, Tilly, followed with his roan, Denton Princess Hilda 3rd, by Ballechin Buster, and Major R. H. Tait, Uppell Castle, Thirsk, Yorkshire, took fifth with the white Uppell Auguste Lily 2nd by Mount

Democrat. Others—6 and 9, Walter Biggar & Son, Grange, Castle-Douglas—white and dark roan by Calrossie Contribution; 7, Ballathie, red; 8, Pittodrie, red roan; 10, Hugh Elder, Stevenson, Haddington; 11 and 12, Mr. W. Frank, Carr House, Knapton, Welshpool, two red roans.

CLASS III.—YOUNGER YEARLING HEIFERS.—The younger yearlings were not such a good class, but again Mr. W. F. Ferguson had a very good leader—Corrimony Nonpareil 2nd, a light roan by Burnton Classic, bred by Mr. J. M. Grigor. Mr. D. M. Stewart's dark roan Millhills Dorothy 8th by Calrossie Highland Leader followed closely; and Mr. Alex. A. Baird, Bantaskin, Falkirk, took two next awards with reds by Bapton Compensation, and Mr. John Finlayson's red Orchard Crocus 4th by Crugleton Brumel next in order. Others—6, James Stephen, Blackton, Alvah, white; 7, Colton, roan; 8, C. A. Morrice, Dufftown, red (twin with bull); 9, Keir, red.

BULLS.

CLASS IV.—TWO-YEAR-OLD BULLS.—Two-year-old bulls were a larger class than usual with 59 entries. Mr. James Durno won with Uppermill Landlord, a thick, wide-ribbed dark roan by Uppermill Metaphor out of a dam by Comet. Next two awards went to Mr. G. J. C. Anderson, Kair, Fordoun, for two reds, Kair Nectar, by Bapton Commando, and Kirkton Favourite, by Naemoor Marshal, this latter bull being bred by Mr. E. P. MacGillivray, Sir Peter Greenwell, R. Marden Hill Boxes, Surrey, was fourth with Marden Concor; a red by Pittodrie Bounty; and the fifth ticket went to Mr. J. B. Rank, Delaware, Edenbridge, Kent, for the red Bapton Perfect by Glastullich Pay-Day. Others—6, Bantaskin—roan; 7, Bridgebank—dark roan; 8, James Stephen, Blackton, Alvah—red, bred at Pittodrie; 9, Millhills—red; 10, Colton—red; 11, Crichton Mains—red roan.

CLASS V.—AUGUST-SEPTEMBER BULLS.—Messrs J. & P. D. MacGillivray had a magnificent leader in the August-September class—Calrossie Adonis, a red by Kirkton Baronet, a bull of grand substance, with good head and plenty of style. Mr. A. J. Marshall took second place with the grand well-bred dark roan, Crugleton Peel by Calrossie Harmony out of a dam by Crugleton Perfect. Mr. Jas. Durno's red Uppermill Viceroy by Uppermill Metaphor stood third, with Mr. J. V. Rank's red roan Bapton Emigrant by Glastullich Pay-Day in fourth place; and Mr. D. M. Stewart's red Millhills Firefly by Kinsman out of a dam by Collynie Elect was fifth. Others—6, Sylvester Campbell & Sons, Kinellar—red; 7, Morphee, Comet; 7, Calrossie—red; 8, Alex. W. Taylor, Philorth, Fraserburgh—red by Pittodrie Supreme.

CLASS VI.—OCTOBER-NOVEMBER BULLS.—Mr. Wm. MacGillivray, Glastullich, Nigg, had an outstanding leader in the October-November class—Glastullich Control, a massive, thick, straight-topped bull with good head and great bone, got by Glastullich Fortress out of a dam by Harviestoun Golden Glory. Three bulls belonging to Lord Lovat, D.S.O., M.C., Beaufort Castle, followed in order—Beaufort Beef Steak, a thick red by Beaufort Baludo; Beaufort Bantam Weight, an attractive red roan by Glastullich Improver, and Beaufort Bayardo, another low-set, dark roan by Beaufort Baludo. The fifth ticket went to Mrs. B. Hood Linzee-Gordon, Cluny Castle, for her red Cluny Lumber by Westmoor Captivator. Others—6, Calrossie—roan by Crugleton Peocha; 7, John W. Reid, Cromleystan, Ellon—red; 8, R. S. de Q. Quincey, The Vern, Bodenham, Hereford—red; 9, T. H. Jones, Ystrad, Carmarthen—red by Aikbank Supremacy; 10, Kair—red.

CLASS VII.—DECEMBER BULLS.—At the top of the December class were two grand white bulls, with a red between them. The winner was Major P. H. Henderson's white Lawton Nelson, which as already mentioned won the senior championship and reserve for the supreme award. The red Calrossie Sportsman by Millhills Champion took second place, and was followed by Chapleton Currency, a white by Calrossie Contribution belonging to Messrs Walter Biggar & Son. Mr. J. W. Pitcaithly, West Dron, Bridge of Earn, was fourth with the red Dron Introduction, a heifer's first calf by Aldie Immaculate; and Mr. James Durno's dark roan Uppermill Norman by Saltoun Red Ensign, stood fifth. Others—6 and 7, two red Calrossie bulls by Calrossie High Finance and Calrossie Cupbearer; 8, Major Robert Moubay, Naemoor Home Farm, Rumbling Bridge—red by Calrossie Baronet; 9, Uppermill—red by Saltoun Red Ensign; 10, Bapton—red; 11, Glastullich—red; 12, Miss Jean MacGillivray, Phopachy, Bunclew—red by Kirkton Baronet.

CLASS VIII.—JANUARY BULLS.—Messrs MacGillivray came to the front again in the January class, taking both first and second awards with sons of Calrossie Cupbearer (352903). The winner, Calrossie Rosewood Fortress, is a thick, short-legged roan with good quarters, out of Calrossie Rosewood Beth (303431) by Glastullich Fortress; whilst the red roan Calrossie Royal Embassy, a red roan which stood second, is out of a dam by Calrossie Randolph. Lord Lovat's red Beaufort Border Ballad by Cluny Victor out of a dam by Glastullich Suburb by Cluny Victor, was the first bull in the class to be drawn out by the judge, but eventually he finished in third place. Mr. James Durno's red Uppermill Abergeldie by Uppermill Metaphor out of an Aldie Conqueror cow was

fourth; Messrs Biggar's dark roan Chapelton Barrage by Calrossie Contribution fifth; and Calrossie Royal Escort, a red by Calrossie Cupbearer, sixth. Others—7, Boots Pure Drug Co. Ltd., Westdrums, Brechin—red by Cluny Brave Rodney; 8, Dr. C. A. Salveon of Gassel—red by Gassel Basilair; 9, Stevenson—red roan; 10, Glastullich—red; 11, Crichton Mains—dark roan.

CLASS IX.—OLDER FEBRUARY BULLS.—Mr. Duncan N. Stewart, Millhills, won the older February class with Millhills Gold Mine, a grand thick roan with good head and plenty strength of bone, got by the Easter Lovat sire Kinsman, out of a dam by Collynie Elect; and Messrs MacGillivray followed with Calrossie Classic, a red by the 3600-gs. stock bull Millhills Champion. Major R. Moubay's dark roan Naemoor Quack by Calrossie Baronet was third; a red Westdrums bull by Cluny Brave Rodney was fourth, and Mr. James Durno's red Uppermill Referee by Glastullich Snowstorm fifth. Others (all reds)—6, Messrs Biggar—red by Calrossie Contribution; 7, Millhills; 8, Duncrahill; 9, Westdrums; 10, Saltoun; 11, Easter Lovat; 12, Calrossie.

CLASS X.—YOUNGER FEBRUARY BULLS.—There were two remarkably good bulls at the head of the younger February class. Mrs. B. Hood Linzee-Gordon won with Cluny White Knight, a handsome white with grand head

sire Chapleton Crusader from a dam by and deep body, got by their prize-winning Coochoo Sensation. Messrs MacGillivray followed closely with their red Calrossie Balmoral by Calrossie Cupbearer out of a dam by Harviestoun Golden Glory; and Messrs Biggar's Chapleton Copyright by Calrossie Contribution out of a dam by Crugleton Perfect was third. The fourth ticket went to Mr. A. J. Marshall, Bridgebank, for Crugleton Alister, a roan son of Crugleton Perfect; and Mr. Finlay MacGillivray, Greenhead, Pencaitland, was fifth with Aldie Laird, a red roan by Chapleton Royalist. Others—6 and 11, Duncrahill—reds; 7, Grange—red; 8 and 10, Bridgebank—reds; Burnton—red; 12, Naemoor—dark roan.

CLASS XI.—OLDER MARCH BULLS.—In the class for bulls born in the first ten days of March there was a very keen tussle for the

MOY CROCUS 2nd.

Shorthorn Heifer, Red Roan. Calved 24th February, 1949. Sire, Crichton Air Marshall (356071). Dam, Elmley Crocus 9th (288905) by Elmley Police Patrol. Bred and owned by W. F. Ferguson, Wester Moy, Forres. First and female champion at Perth Sale this week. Bought at 850 gs. for Calrossie.

leading award, and after very careful examination of the bulls standing at the top of the line-up the judge gave his decision in favour of Mr. Denis Cadzow's Duncrahill Ambition, which, as already mentioned, won the junior and supreme championship. Messrs MacGillivray's red Calrossie High Tension (the reserve junior champion) was a close second; W. D. Dron, Chief-vechter, Chief—red by Millhills Yesteryear; 12, Greenhead—red.

CLASS XII.—MID-MARCH BULLS.—The winner in the class for bulls calved in the second ten days of March was Mr. Stewart's red roan Millhills Glorious by Kinsman out of Blood Royal 21st (243220) by Collynie Elect, his dam being also dam of the 3000-gs. bull Millhills Count, which went to Argentina. For the sixth successive time, Messrs MacGillivray took second award, following close on the winner with Calrossie Revenue, a beautiful red roan by Calrossie Cupbearer out of a dam by Calrossie Randolph—a bull much fancied by the ringside. Mr. Wm. MacGillivray's red roan Glastullich Terrific, also by Calrossie Cupbearer, was third; Mr. James Durno's dark red Uppermill Chieftrain by Saltoun Red Ensign took fourth place, and Messrs Robertson, Colton, were fifth with their dark roan Scotston Justice by Glastullich Leveldale. The sixth award went to Messrs R. K. and E. E. Wright, Kilkea, Magency, Co. Kildare, Eire, for their stylish, well-grown bull Kilkea Prospect by Calrossie Sunrise. Others—7, W. L. Anderson, Morphee—red; 8, Lawton—red; 9, Greenhead—red; 10, The Vern—red roan; 11, Millhills—dark roan; 12, W. D. MacWilliam, Drummondraich, Conon Bridge—red roan.

CLASS XIII.—YOUNGER MARCH BULLS.—Mrs. B. Hood Linzee-Gordon had her second win in the class for bulls calved in the last eleven days of March. Her leader was Cluny Bambi, a very attractive, well-bred roan by Ballechin Rodney out of Cluny Braw with Bud 21st (24852) by Calrossie Souvenir. Capt. Fletcher took the next two awards with two sons of Pittodrie Landmark—the dark roan Saltoun Bridgegroom and the roan Saltoun Royal President. Messrs Robertson's red Scotston Charter by Glastullich Leveldale was fourth, and a Yorkshire breeder, Mr. W. W. Frank, was fifth with his Walsford Sunbeam by Crugleton Provan. Others—6, Morphee—roan; 7, Marden—dark roan; 8, Naemoor—red; 9, Colton—red; 10, E. E. Main, Hardiesmill Place, Gordon—red; 11, Cluny Castle—red roan (twin); 12, Pittodrie—red.

CLASS XIV.—OLDER APRIL BULLS.—Mr. Finlay MacGillivray, Greenhead, had a very good winner in the April class of bulls. This was Aldie Red Gauntlet, a beautiful dark red by the 1500-gs. sire Chapleton Baronet out of Aldie Cherrywood (303389) by Pittodrie Regalia. He was a bull with good body and quarters and attractive head, and he had many admirers. Messrs Biggar were second with their red Chapleton Orion, an orange blossom bull by Calrossie Souvenir; and third with Chapleton Banker, a dark roan Broadbooks by the same sire. The fourth ticket went to Mr. W. D. Dron for Criffvechter Guilhall, a dark red by Hardiesmill Ariel; and Capt. Fletcher's red Saltoun Lucky Boy by Saltoun Royalist stood fifth. Others—6, Morphee—red by Morphee Commando; 7, Sir James Denby Roberts, Bt., Strathallen Castle—red by Calrossie Knock Out; 8, Ballathie—red; 9, Kair—roan; 10, Bantaskin—red.

CLASS XV.—BULLS CALVED AFTER 16th APRIL.—The Boots Pure Drug Co., Ltd., who had won a few tickets earlier in the day, came to the front in the youngest class of bulls with their red roan Westdrums Elordy, which was awarded the red ticket. This attractive bull was got by Cluny Brave Rodney out of Buttermere Eliza 3rd (303629), and the white Westdrums Batman, which stood sixth in the class was by the same sire. Mr. James Durno's red Uppermill Planet, a May bull by Glastullich Snowstorm out of a Glastullich dam by Garguston Snowstorm was placed second; and Mr. W. D. Dron's dark roan Criffvechter Gold by Millhills Yesteryear was third; while Messrs MacGillivray took fourth award with their red Calrossie Organiser by Millhills Champion out of a Kirkton Baronet dam. Mr. R. S. de Q. Quincey had fifth with Erinus Emblem, a

Evergreen

There was a great attendance of overseas visitors at Perth Shorthorn sale this week, and purchases were made on Tuesday for Canada, U.S.A., Argentine, South Africa and Australia.

Supreme championship was won by one of the young breeders—Mr Denis Cadzow, Duncrahill, East Lothian; first time the supreme award has gone to the county. Mr Cadzow was warmly congratulated on his success as was also Major P. H. Henderson, Lawton, on winning the senior championship and reserve for the supreme honour.

Major Henderson was more successful than Mr Cadzow in the sale ring. His reserve champion Lawton Nelson, a handsome white bull sold at 6600 gs. and the champion sold at 1600 gs.

Millhills Comet, the supreme champion of 1920 was sold at 6600 gs., and that remained the breed record price until 1946 when Pittodrie Upright was sold for 14,500 gs.

Calrossie was reserve for both senior and junior championships, and carried off all the group cups—best three, best five and best three by one sire. Calrossie winnings included two first prizes, six seconds, one fourth and a few sixths.

White bulls were in demand at Perth. The reserve champion for Lawton topped the sale at 6600 gs.—a record price for a white bull. One from Cluny Castle was sold at 1050 gs. to an Australian breeder (after being withdrawn from the ring at 700 gs.).

A Glastullich white bull sold at 700 gs. and two from Messrs Biggars' Chapelton herd at 680 gs. each.

Mr Mungo Bryson, Boreland of Parton, bought three grand white crossing bulls at prices from 110 gs. to 285 gs.—average £192 10s.

We have seldom if ever seen better trade for Shorthorns than was experienced at Perth on Tuesday. But Wednesday's sale was a marked contrast with slow trade and more than a quarter of the bulls withdrawn unsold.

Average of £358 14s 5d for 334 bulls was fully £60 better than last year's average for 316 bulls. Heifers with a proportionately greater increase in numbers had a lower average than in 1948 although trade was better for the good ones.

Altogether 23 bulls were sold at prices of 1000 gs. and upwards, the average for that lot being £2935 8s 8d. The remaining 311 averaged £168 3s 2d.

Calrossie was again outstanding when it came to the sale, with ten four-figure prices (including two of 5000 gs.) and an average of £2523 10s for 15 bulls.

Calrossie sires were also outstanding. Out of 334 bulls which brought in 114,108 gs., 43 bulls by Calrossie sires realised 38,904 gs.—more than a third of the total—and averaged within 2s of £950.

Calrossie Cupbearer has made his mark with his first crop of calves. Eleven bulls by him made the great average of £2258 9s 1d, five of them selling from 3000 gs. to 5000 gs.

Kirkton Envoy, Kirkton Baronet, Calrossie Baronet and Calrossie High Finance all had progeny averages of well over £1000. Fifteen bulls by Kirkton sires averaged over £1098.

At the Scottish Shorthorn Breeders' dinner on Monday night, Mr J. A. Cameron gave some very good advice on the breeding of beef cattle in the Highlands.

As was confidently expected, the Scottish Dairy Show has had a very successful run this week, and many factors have combined to enhance the general prestige of this event.

The six breeds of cattle represented made up a great display, and visitors to the show appreciated the improvements effected in the lay-out of the stalls, there being ample room for inspection of the animals.

Dairy Shorthorns put up a very creditable display at the Scottish Dairy Show in Glasgow this week—much better than at the London Dairy show in October.

The various cattle stewards had their job well in hand, and a special word of praise is due the chief steward—Mr Alex. Garvie, Plenloth, Newton Mearns.

A particularly pleasing feature of the show was the great turn-out of Ayrshires—an atonement indeed for the breed's "defection" in numbers at the 1948 show.

But the Ayrshires did not have it all their own way—their old rivals, the Friesians, saw to that!

In the inter-breed competitions judged on Wednesday, Friesians won three of the trophies, and Ayrshires one.

The Friesians capped these successes on Thursday by winning both the inter-breed team and individual championships, while the Ayrshires won the heifer championship.

One of the Ayrshire entries for the show—the six-year-old Homestead Elegance belonging to the Hon. David Rhys, College Farm, Basingstoke—died on Sunday.

In the milking trials at the weekend, the great majority of exhibitors made use of the facilities available for machine-milking.

Few would have envied Principal Kirkwood and Mr Smart their task in computing the results of the trials. But the work was in capable hands.

The show of Aberdeen-Angus cattle at Aberdeen last week was the best ever seen at that centre, and the average of over £100 for 212 bulls was easily a record for Aberdeen.

The sale at 1000 gs. of a Greystone bull that stood eighth in his class at the show was something of a surprise; and the owner would probably be as surprised as anyone.

The Stallion Show will soon be with us once again. Details of the entries were made known on Monday and are published in this issue. The show takes place at Scotstoun on 1st and 2nd March.

One feature of the figures given is the increase in the number of yearling fillies entered this year—30, compared with 12 last year and 14 in 1948. One stallion class and two colt classes also show increases from last year.

The Directors of Messrs W. J. Robertson & Co. (Ltd.), Waverley Oil and Cake Mills, Edinburgh, announce that they have appointed Mr B. M. Galloway to the position of manager of the Company. Mr Galloway took up his duties on 1st February.

The Poultry Association of Great Britain has increased its membership in Scotland considerably during the last twelve months, having enrolled 860 new members.

Four parties of Dominion farmers are visiting Cumberland this summer—two from South Africa, and one each from Australia and New Zealand. The parties will stay at Keswick and will inspect Lakeland farms.

National Pig Breeders' Association has now a total membership of 5386. This includes 94 new members elected since the end of last year.

During 1949, a total of 1083 pigs of the Association's six breeds were exported to 29 foreign and colonial countries. Since the New Year 25 animals have been despatched to eight destinations abroad.

Publication of the Association's herd book is now up to date, with the 1949 edition on the point of distribution and the 1950 volume due to be published by the time of the forthcoming R.A.S.E. Show.

A proposal to take about 14 acres of agricultural land from Schoose Farm, Workington, for the building of a school has been considered by the Cumberland N.F.U. Executive, together with the whole question of land surrounding the town.

The committee has instructed the County Secretary to take appropriate steps to secure the retention of land for agricultural purposes.

The Jersey cow La Tourelle Cobblestone 3rd, born 16th September, 1935, has been slaughtered, owing to foot trouble; during her lifetime she produced 13 calves, the first being born 22nd October 1937 and the last on 13th January this year.

With her first nine calves she averaged 10,036 lb. milk at 4.85 per cent. butter fat. Her eldest daughter has yielded 65,030 lb. milk with seven calves, and in her last lactation gave 11,564 lb.

The cow was owned by the Misses Hare and Hornby, Hardwick Court Farm, Chertsey, Surrey, and in all there are 20 descendants of her in the herd at the present time.

Jago Eric, the Kilham stock bull was omitted from last week's list of successful Aberdeen-Angus sires at Perth. His seven sons averaged £220 10s.

Shorthorn breeders at their meeting in Perth on Tuesday had a discussion on the practice to be followed in appointing overseas judges for Perth Show and sale.

BORDER NOTES.

FROST has mainly held throughout the first five weeks of the year, with short periods of softening now and again. In some parts of the Borders, on high ground, fairly heavy falls of snow have taken place, but the coverings have always got away. There has been nothing rough in the weather other than being seasonable and it should prove beneficial later on. Ploughing has been stopped but days are getting longer and leaway will soon be made up. The weather should be helping to make a good tilth, and the natural preparations for a good seed bed are satisfactory. At the present time there is rather a glut of oats. Seed oats are meeting a slow market around 70s to 72s per qr. When seeding begins this price is likely to be increased considerably. Quantities of milling oats are at present changing hands at 60s and even less.

Before the end of the year braids of winter grain were far advanced. Some think they were too fresh, but the hard weather has checked the advance to a desired degree. Yet on the lower lands pastures, while very bare, are strikingly green. Good supplies of cattle and sheep are still to be found on the market for the time of year, and a good trade is being experienced. Turnips are holding out a great deal better than anyone anticipated, but it isn't likely that there will be many good ones rolling about fields in the end of April. If the lambing fields can be satisfied that is the main thing. One compensating feature is the possession of a lot of very high quality hay, whether it be seeds, meadow, or hill.

As anticipated, potatoes are not keeping as well as one would like, and a considerable amount of disease is apparent. Young pigs are not coming forward in numbers equal to the demand. They are meeting a fast market between £4 and £7 10s, and keeping calves are extremely dear. Half-bred ewes are in grand winter trim and the same applies to hill stocks. Cheviot and Black-face stocks have so far had a grand winter, and the general condition is above average. The roughest part of the season was during tupping time, but how much that difficulty was overcome or otherwise cannot yet be foretold. Meantime, prospects are good.—R. K. D.

Current Topics

MESSRS Robert Dinwiddie & Co. (Ltd.) Dumfries, a few weeks ago published a 36-page booklet in stiff paper covers on "Old Time Farming in Dumfriesshire" (price 2s 6d). It has been prepared by Mr W. G. M. Dobie, and most of his facts have been obtained from the Agricultural Survey of Dumfriesshire by Dr Singer, the parish minister of Kirkpatrick-Juxta, published in 1812. Dr Singer was writing in the midst of a period of agricultural change and improvement very much as we are living in to-day; and then, as now, the changes were not all popular. Mr Dobie comments that in the 137 years that have passed since Dr Singer's Survey was published, Dumfriesshire has changed less than the industrial areas of Scotland, "but even here the changes are immense, and not all of them for the better." This is very much an echo of Dr Singer's comment: "There is a fashion in agriculture as well as in other things . . . A judicious attention to a legitimate portion of these old fashions would be an improvement even on the present style of farming." The booklet deals in successive chapters with land improvement; manures and lime; crops; grasses, clover and rotations; farm stock, implements and machinery; buildings, dykes and drains; men, wages, food and education; and miscellaneous matters. One of the greatest changes in farming since 1812 is the development of dairying in the county. Dairy farming as now understood was not practised in Dumfriesshire in the time that Dr Singer wrote. The farmer kept cows to provide his own family with milk and butter, and any surplus was sold as such, or made into butter or cheese for sale. Where milk production was a primary object Ayrshire cattle were preferred, but generally Galloways were the favourites. This booklet will be found of great interest by many of our readers who want to know something of old-time conditions and practices in farming and who may not be able to obtain Dr Singer's book or even to wade through it if they can obtain it.

AN address on "Production of Meat in Great Britain from the viewpoint of a New Zealander," was given to the Institute of Meat on 7th February by Dr C. S. M. Hopkirk, who emphasised several of the points he made at the International Congress last year—such as his preference for aiming at single purpose breeds instead of relying on dual purpose animals; the necessity for dehorning; his view that artificial insemination could be applied in beef production (and, if necessary, in lamb and mutton production) just as serviceably as in dairy cow production; and the degree to which production could be enhanced by the control of disease. A much greater percentage of Britain's meat, he said, could be produced under improved farming conditions. It had not been the practice in this country to store home-grown meat—yet why, in seasons of plenty, should meat not be so stored? Overseas meat came in greatest quantity in the late winter and spring months, and was refrigerated here for use as required. Home-grown meat was at its optimum supply in the autumn and early winter, yet there was much overlapping, which, he contended, could be avoided by storing any excess. We should refuse to purchase meat at the pistol point from countries not within the Empire, he declared. Empire countries, with their deep appreciation of the position in Great Britain, and with their cheaper methods of production should be given preference. He did not want to see South American meat pushed right off the market, but merely put in its proper place in relation to Empire produce.

WITH regard to hill land, Dr Hopkirk said the work of Lord Lovat and others all tended to show that the prime improver was the cattle beast, closely followed by sheep. Cattle were good scavengers, doing much to tread out and control fern and heather and to manure the soil. Many sheep now kept on Highland farms were not assisted by cattle and therefore

did not produce as they should. In New Zealand, where marginal land is being top-dressed by aeroplane, no good sheep farmer would dream of running his station without scavenger cattle—whether these paid their keep or not. Referring to Dr John Hammond's suggestion that suitable older dairy cows which—on account of mastitis or some other reason—were being culled rather too early, should be bred to a beef type bull, Dr Hopkirk said this would at least provide good veal. The present rigid controls were a bar to the quick growing catch crop of meat from pigs and poultry. Many men who could keep one or two pigs and a number of fowls, rearing them on scraps and only a small ration of grain, simply could not be bothered to cope with the forms and regulations. As a veterinarian, Dr Hopkirk felt that the strongest objection should be taken to any authority which permitted the import of meat from a country from which a contagious disease was likely to be introduced. The taxpayer had to foot the bill for eradication of foot-and-mouth disease, swine fever, and fowl pest introduced in this way, while there were countries within the Empire free from these diseases.

THERE was an interesting discussion on the respective merits of Shorthorn, British Friesian and Ayrshire cattle, at a recent meeting of the Calbeck Farmers' Discussion Group. Mr J. H. Faulder, County Agricultural Officer for Cumberland, stated that until about 25 years ago the dairy cattle of Cumberland were Shorthorn, and he believed that Calbeck was still a stronghold of the Shorthorn—but since then they had seen the premier Scottish dairy breed finding favour with many Cumberland dairy farmers, and they had also seen the establishment of the British Friesian—a beast which had made great strides and had become very popular. The Cumberland Agricultural Executive Committee had done much to improve the live stock of the county, he added; and he was glad to see that there were far fewer cross-bred cattle now in Cumberland than there were just a few years ago. He also emphasised the values of milk recording. Mr J. Musgrave, of Tarn Bank, Greysouthen, who is a pioneer of British Friesian cattle breeding in Cumberland, extolled that breed as the best dairy breed in the world; and he claimed that it would produce milk more cheaply than other breed. Mr W. J. Dent, Kaber Fold, Kirkby Stephen, who advocated Shorthorns for fell areas such as Calbeck, said that Shorthorns, with careful breeding, gave adequate yields of milk. He also stressed the fact that the Dairy Shorthorn was a dual-purpose animal, and said that at this time, when beef was so scarce, it was a strong point in favour of the breed that male calves made good beef animals. The Ayrshire found a champion in Mr W. S. Watson, of Newlands, Carleton, Carlisle, who said that it was the premier dairy breed, and a single purpose breed; but the "bag" of the Ayrshire cow was the envy of other breeds.

B.O.C.M.'S HANDSOME GIFT.

£600 to Scottish Y.F.C. Association.

The handsome gift of a cheque for £600 has been made to the Scottish Association of Young Farmers' Clubs by The British Oil & Cake Mills (Ltd.). The donation has been made as a contribution towards the cost of the publication of the manual "Know Your Farm Stock," which the Scottish Young Farmers intend to publish at a very early date. This will be a handbook on nutrition and management, and will also include sections contributed by all the Breed Societies.

The cheque was handed over at the Glasgow Dairy Show on Wednesday, the presentation being made by Mr G. Chipperfield, chairman of B.O.C.M. (Ltd.). Mr John Stevenson, Change, Cumnock, vice-chairman of the S.A.Y.F.C., accepted the cheque on behalf of the Association.

THE SALE.

HIGH PRICES FOR BULLS.

The sale which was opened on Tuesday was conducted by Mr Oliver Cumming, who sold the cows and heifers, and Mr Harry Fraser and Mr Norman Cree, who sold the bulls. Buyers and sellers were very pleased to learn that Mr Lovat Fraser, who has taken the principal share of the selling at these events since the early years of the century, is making a good recovery following an operation in Edinburgh last week. There was only a moderate attendance when the heifers were being sold, but the hall was packed during the greater part of the sale of bulls. Exporters were buying freely, and many cattle were bought for North America, Argentina and South Africa. The all-round average of £123 12s 4d for 93 females showed a reduction of £21 6s 4d compared with last year's average for 59. The principal customer for heifers was U.S.A.

The trade for bulls, however, showed a marked improvement compared with last year. The 202 bulls sold on Tuesday realised a total of 79,588 guineas, and averaged £413 14s. On the opening day last year 179 bulls were sold for a total of 44,551 guineas and an average of £261 6s 7d, and two years ago 155 on the opening day averaged £446 15s 6d. A dozen bulls in the classes sold on Tuesday realised prices exceeding 1,000 guineas, the highest being 6,600 guineas for the reserve champion, while three others sold at 5,000 guineas each, and three more from 3,000 guineas to 3,200 guineas. The senior and junior champions and reserves were sold after the second class of bulls had been disposed of.

SALE OF FEMALES.

The first prize two-year-old heifer from Millhills was purchased at 400 guineas by Mr Les. Mathers, Mason City, Illinois, U.S.A.; but the highest price was 600 guineas paid by Mr F. W. Moraleo, Hilton, Duns, for the third winner from the same herd. A red heifer from Northern Ireland was acquired at 130 guineas by Mr Grant Campbell, Moffat, Ontario, and British Live Stock Exports (through their representative, Mr F. W. Harding, Chicago), bought three at prices from 120 guineas to 200 guineas.

Mr W. F. Ferguson's female champion, Moy Crocus 2nd, winner in the older class of yearlings, was started at 200 guineas, and at 850 guineas was bought for Calrossie. This was 50 guineas more than the price of her full sister that was champion last year. Mr Grant Campbell paid 350 guineas for Sir J. Rennie Izat's third winner in the class, and Mr J. C. Crinlan, Maisemore, paid 140 guineas to Mr W. W. Franks for a heifer that was 11th on the short list. Other 16 heifers in this were bought at prices from 100 guineas to 280 guineas by British Live Stock Exports, who also took seven heifers in the younger class at 100 guineas to 200 guineas. These yearling heifers bought by Mr Harding included six at prices from 100 guineas to 170 guineas (average £133) for Miss Greer Garson, an American film actress, who is starting a herd of white Shorthorns in New Mexico.

One generation of warbles WIPED OUT

How very little warble trouble there would be next year if every farmer treated all his beasts regularly each month this year. "Gadding" by cattle would be greatly reduced, milk yields would be higher and beasts would put on more flesh. Also countless good hides would be saved from ruin.

It can be done by killing the warble maggot in the backs of animals with—

COOPER'S WARBLE FLY POWDER

It kills 100 per cent. of warble maggots and it is easy to apply. One generation of warble flies would be almost wiped out and there would be few next year.

Dress all cattle at monthly intervals from March to June.

5,000 Gs. CALROSSIE BULL.

Mr Harry Fraser began selling the bulls at 11.40 a.m. The only price of note in the two-year-old class was 520 guineas paid by Mr James Schofield, the exporter, for Mr G. J. C. Anderson's second winner, Kair Nectar, and Sir Peter Greenwell's fourth winner was also bought for export at 380 guineas, while Mr J. V. Rank's fifth prize bull went to Wiltshire at 320 guineas. Crossing bulls met a good, sound demand, and a dozen prices from 100 guineas to 210 guineas were obtained in this class.

Early in the August-September class there appeared Calrossie Gainsborough, a red by Kirkton Baronet, which went to Mr James Schofield at 620 guineas, and five minutes later the first prize winner, Calrossie Adonis, came in. This grand red by Kirkton Baronet was started at 1000 gs. by Mr W. L. Anderson, Morphee, who kept on bidding well up into the thousands, but several other bidders were very keen, and the price was soon at 4,800 guineas, (bid by an American breeder), and with another bid Mr Finlay MacGillivray, Greenhead, became the owner at 5,000 guineas. Mr A. J. Marshall's second winner was acquired at 550 guineas by Mr J. L. Cridlan, Maisemore, who is better known in Aberdeen-Angus circles, and the third from Uppermill went to Mr Schofield at 500 guineas. Ten others in this class made from 105 guineas to 280 guineas. The highest price in the October-November class was obtained for a bull which had not been placed at the show. Mr A. J. Marshall's Crugleton Cyril, a thick, blocky red by Crugleton Achilles out of a Crugleton Perfect dam, being bought at 2,000 guineas by Mr James Durno, Uppermill. Miss Jean MacGillivray, Phopachy, gave 700 guineas for

the Glastullich first prize winner, and the second from Beaufort Castle was bought at 900 guineas for Mr W. M'Nair Snadden, Coldoch, Blair-Drummond. Mr W. L. P. Richardson, Beren, Berrada, Australia, gave 700 guineas for a roan Calrossie bull by Crugleton Facha, and a dark roan Crugleton bull by Calrossie Harmony was bought at 500 guineas for Rankiellor.

SALE OF CHAMPIONS.

After this class had been sold the champions came forward, the first to come into the ring being Mr Denis J. Cadzow's junior and supreme champion, Duncrahill Ambition. He was started at 500 guineas, but bidding was slow to begin, and Mr Fraser had some difficulty in getting him up to 1,600 guineas, at which figure the bull was purchased by the British Linen Bank for shipment to Buenos Aires. Next came Major P. H. Henderson's senior and reserve supreme champion, Lawton Nelson. This handsome white bull was also put in at 500 guineas, and he met with spirited competition. With bids of 100 guineas and 200 guineas the price rose quickly to 6,000 guineas, after which came three more bids of 200 guineas each, and at 6,600 guineas this bull became the property of Senor Carlos Duggan, Cabana, Sityton, Argentina. Mr James Schofield was the runner-up.

The reserve senior champion, Calrossie Rosewood Fortress, was started at 500 guineas, and at 3,000 guineas was acquired by Mr James Napier for Mr Cyrus Eaton, Ohio, U.S.A., the representative of Mr J. V. Rank, Delaware, Edenbridge, Kent (owner of the Bapton herd) running up. The reserve junior champion from the same herd—Calrossie High Tension—also drew an opening bid of 500 guineas, and at 3,500 guineas he was acquired by Major R. Moubray, Naemoor Home Farm, the runner-up being Mr Wm. MacGillivray.

DECEMBER BULLS AVERAGE £1,182.

There was great trade for the December bulls, the 27 in this class averaging £1,182 1s 4d. The highest price was 6,600 guineas for the Lawton reserve champion just mentioned. The second winner, Calrossie Sportsman, was put in at 500 guineas, and went to 5,000 guineas before being acquired by Mr James Napier for Mr Cyrus Eaton, Ohio. The sixth best from the same herd, Calrossie Financier, had a slow start at 100 guineas, but eventually went to Mr James Biggar (Messrs Walter Biggar & Son) at 2,600 guineas, and the roan Calrossie Caledonia by Calrossie Cupbearer, which was seventh, made 3,100 guineas to the Scottish Cattle Co. Then Mr Wm. MacGillivray got 5,000 guineas for his red Glastullich Cupbearer by Calrossie Cupbearer, and Mr Hugh Black, the exporter, gave 1,400 guineas for Mr J. V. Rank's red Bapton Eldorado by Glastullich Pay-Day.

CALROSSIE 3200 Gs. AND 3000 Gs.

The January class winner was the reserve senior champion Calrossie Rosewood Fortress, already reported sold at 3000 gs. The second winner Calrossie Royal Embassy was acquired at 1800 gs. by Mr R. Wemyss Honeyman, Ballechin, Strathgairn; and the sixth, Calrossie Royal Escort, was purchased at 3200 gs. by Mr Wm. MacGillivray, Glastullich, who had to shake off the opposition of several Americans. Mr E. M. Alexander, the exporter, paid 1300 gs. for Mr R. Wemyss Honeyman's roan Ballechin Commander, by Millhills Climax, and Mr A. W. Taylor, Philorth, who had gone over 1000 gs. in bidding for the champion, paid 950 gs. for Mr A. J. Marshall's red Crugleton Acheson, by Crugleton Perfect. The third and fourth winners in the class were bought for export at 800 gs. and 850 gs.; and Mr John C. Blume, manager for Marellbar Farms, Illinois, U.S.A., paid 800 gs. for Calrossie Selector, another red by Calrossie Cupbearer.

The Millhills leader in the Older February class was bought at 500 gs. by Mr R. Brydon; but Mr A. Lindsay Edwards, M.C., Edrington, Berwick, had to pay 1100 gs. for the second winner from Calrossie. The red Calrossie Gamecock, by Calrossie Cupbearer, was bought at 950 gs. for Mr J. V. Rank's Bapton Red; and the red Millhills Gunner, by Calrossie Highland Leader, went to the Fairington Estates at 900 gs. Altogether 15 bulls in this class went above 100 gs. The first prize younger February bull Cluny White Knight came near the close of the first day's sale, after half-past five when the attendance was greatly reduced. He was withdrawn unsold at 700 gs., but was later sold privately at 1000 gs. to Messrs C. P. Fairbairn & Co., Woomargama, Albury, New South Wales. Several others were withdrawn. The highest price was 750 gs., paid by Mr B. S. de Q. Quincey, The Vern, Bodenham, for Mr Finlay MacGillivray's Aldie Laird, a red roan by Chapelton Royalist; and Mr E. M. Alexander gave 700 gs. for a red Duncrahill bull, by Crugleton Affleck, and 620 gs. for a dark roan Cluny Castle bull by Chapelton Crusader, while an unplaced Kirkton bull by Kirkton Baronet was bought at 680 gs. for Crichton Mains.

SECOND DAY—TRADE SLOWER.

The younger class of bulls were sold on Wednesday by Mr Harry Fraser and Mr Norman Cree. The trade was a marked contrast to that of the opening day. Trade was dull except for a very few of the best bulls, and even these probably sold at prices considerably lower than they would have realised on Tuesday. We never saw a Perth sale with such a large number of bulls turned out unsold. It was evident during the last hour of Tuesday's sale that the trade for crossing bulls was becoming slower, and it fell away badly on Wednesday. There were too many bulls, and of 185 animals which went through the ring 58 were withdrawn unsold—rather more than one in four. Seven animals changed hands during the day at four-figure prices, which made 25 altogether for the whole of the sale.

4800 Gs. CALROSSIE BULL.

The sale began with the older March bulls, and the first two in the catalogue had been sold the previous day, these being the Calrossie reserve junior champion and the Duncrahill supreme champion. Their prices as already reported were 3500 guineas and 1600 guineas. The third winner from the Saltoun herd was purchased at 700 guineas by Mr James Schofield, who also paid 500 guineas for Mr James Durno's red Uppermill Renown that stood sixth at the show, whilst the fourth winner from Mr W. Dron was also bought for export at 450 guineas. The third highest prices in the class was given for a bull which was not placed at the show. This was Corrimony Golden Sovereign, belonging to Mr J. M. Grigor, Lentrane. This red bull by Burnton Classic was started at 200 guineas, and at 1400 guineas was purchased by Mr W. L. Anderson, Morphee. Mr Schofield also paid 520 guineas to Mr J. H. Fraser, Easter Lovat, for an unplaced red bull by Kirkton Baronet.

The winner in the Mid-March class was Mr D. M. Stewart's Millhills Glorious which was bought at 650 guineas by Mr R. Brydon, and the highest price of the day was obtained for the second winner, Calrossie Revenue. This is a grand red roan bull by Calrossie Cupbearer out of Calrossie Flossy Lass (275163) by Calrossie Randolph, and regarded as one of the best bulls at the sale. He drew an opening bid of 1000 guineas, and the prices went rapidly to 4800 guineas, at which figure the bull was acquired by Mr James Schofield. The runner-up was Mr Ted Manning, Arnamor, Toronto. A few minutes later, however, Mr Manning acquired the third winner, Glastullich Terrific, also by Calrossie Cupbearer, at 1000 guineas. Mr R. S. de Q. Quincey got 1000 guineas from Mr Schofield for Erimus Edward, a red roan by Kirkton Challenger. The fourth and fifth winners in the class were bought for export at 500 guineas and 420 guineas respectively, as was also an unplaced Glastullich bull at 490 guineas. The winner in the youngest class of March bulls, Cluny Bambi, was started at 500 guineas, and at 2200 guineas was acquired by Mr W. M'Brice, Winchester Stud Farm, Canterbury, North Island, New Zealand. Mr L. Mathers, U.S.A., took the second winner from Saltoun at 350 guineas, and an unplaced Morphee bull by Bapton Commander at 320 guineas.

3600 Gs. GREENHEAD BULL.

The leader in the older April class, Mr Finlay MacGillivray's Aldie Red Gauntlet by Chapelton Baronet, was much fancied at the show on Monday. He drew an opening bid of 500 guineas, and the price went rapidly up to 1800 guineas, when Captain John MacGillivray came into the bidding, and it was he who ultimately became the buyer at 3600 guineas. There was keen competition from U.S.A., but the second last bid was from Cluny Castle. Messrs Biggar's second prizewinner was bought for Lawton at 500 guineas, and the only other price of note in this class was 1600 guineas for an unplaced bull from Mr A. J. Marshall's herd—Crugleton Carson, a beautiful red by Crugleton Achilles out of Paulina Clara (263099) by Crugleton Perfect. Mr Hugh Nickson bought this bull on behalf of Mr D. Munro, Gundirra, Australia.

Most of the bulls in the youngest class were withdrawn unsold. The only price of note was 500 guineas paid by Mr D. Pitcaithly to Mr W. Dron for the first prizewinner.

LICENSING OF BULLS.

New Regulations.

New bull licensing regulations have been made by the Secretary of State for Scotland, announces the Department of Agriculture for Scotland. These regulations have been made with the object of raising the standard of bulls in Scotland, after full consultation with the agricultural interests concerned. They will come into operation on 1st June, 1950, and will be reviewed in two years' time in the light of experience. As compared with the present regulations, the principal change will be the issue of five types of licence instead of one type, namely:—

A BEEF BULL LICENCE (A)—For a pedigree beef bull registered or eligible for registration in the herd book of a beef cattle breeding society as approved for purposes of bull licensing.

A BEEF BULL LICENCE (B)—For a beef bull not eligible for an (A) licence but which conforms to the standard laid down for pedigree bulls of that type by an approved beef cattle breeding society or association. The regulations prescribe that the issue of this type of licence will cease after 31st May, 1952.

A DAIRY BULL LICENCE (A)—For a pedigree dairy bull registered or eligible for registration in the herd book of an approved dairy cattle breeding society, whose ancestors (dam and dam of bull's sire) have attained prescribed standards of milk yields and butter-fat content in two lactation periods of 305 consecutive days.

A DAIRY BULL LICENCE (B)—For a dairy bull not eligible for an (A) licence, but which conforms to the standard laid down for pedigree bulls of that type by an approved dairy cattle breeding society. (Provision is made in the regulations for a Dairy Bull Licence (A) to be substituted for a Dairy Bull Licence (B) if and when the prescribed standards of milk yields and butter-fat content have been reached).

A BULL LICENCE (C)—For a bull not eligible for any of the foregoing licences but in respect of which the Secretary of State is satisfied that a licence should be granted in exercise of his powers under the Improvement of Live Stock (Licensing of Bulls) Act, 1931.

Licences granted under the new regulations will be valid in Scotland only. The owner of a bull of the prescribed age (namely, ten months) brought into Scotland on and after 1st June, 1950, must apply for a Scottish bull licence within 14 days from the date of the animal's entry into Scotland. Scottish bull owners are reminded that under the Act they have a statutory duty to perform when they sell a licensed bull. They must hand over to the new owner the relative licence in respect of the bull at the time of sale and also notify the Department of the name and address of the new owner. Within one month the new owner of the bull must send the relative licence to the Department so that it can be formally transferred to him. Every bull owner in Scotland is advised to make himself fully acquainted with the new regulations, copies of which may be purchased directly from H.M. Stationery Office, 13a Castle Street, Edinburgh, 2, or through any bookseller, price 4d net.

ATTESTED AYRSHIRES AT LANARK.

Messrs Lawrie & Symington (Ltd.) had a catalogue entry of 196 at their special sale of pedigree and non-pedigree attested Ayrshires at Lanark on 8th February. There was a fairly good attendance of buyers, and quality animals were easy to sell. The best class of calved and calving cows and heifers met a good trade at late rates, and it was one of these—a heifer from Messrs T. Hamilton & Sons, Falla, Carnwath, which made the top price, selling at 87 gs. to Mr Currie, Spinkside. Mr T. C. Bell, Strathhouse, Carlisle, received 295 gs. for a consignment of five females, and this figure included one at 86 gs. to Col. Napier, Kirkfield, Peebles. Messrs Hendrie Bros (Millands) (Ltd.), Galston, sold 16 females at prices from 35 gs. to 78 gs., and Mr W. R. Waldie, Highlees, Larkhall, got 81 gs. for one of his consignment of 12. Others in this class made from 37 gs. to 78 gs. The bulls were mostly secondary sorts, but they met a satisfactory trade, selling up to 51 gs., paid by Mr T. Reid, West Redmyre, for Towerside Lucky Dip, a yearling owned by Mr G. Grierson, Tower, Douglas Water. Other bulls sold to 50 gs., and from 20 gs. to 45 gs. The best class of heifer stirks met a good trade, selling to 39 gs., and from 10 gs. to 58 gs.

Letters to Editor.

SCOTTISH SHEPHERDS IN NEW ZEALAND.

Sir, — May I, through your column, communicate with all who wrote to me in reply to my letter which appeared in your issue of 17th September last. I find that I cannot possibly answer all of them. But I have handed their letters to men interested in their employment, and they will receive an answer from them. Already two men are on their way here. The minimum wage for a shepherd here is £4 15s per week all found, less tax, which after home seems very light.—Yours &c.

Lachlan Cameron.

Walter Peak, Queenstown, New Zealand.
29th January, 1950.

(In his previous letter, Mr Cameron — a Scottish shepherd who went to New Zealand some time ago—invited any young shepherd readers interested in New Zealand or in employment there, to write to him. There was a great dearth of high country shepherds there, he said, and he undertook to place the names of correspondents in the hands of a responsible person, highly interested in Scottish shepherds and their employment, on his own and other stations there.—Ed., "The S.F.".)

SHEEP DOG TRIALS.

Sir,—I was obliged to your correspondent for the information he provided in your issue of 21st January regarding my comments on Judges' Points, &c. He is obviously well acquainted with the subject, but he, too, avoids the point as to the amount of consideration, if any, given to the time factor. There is nothing to show in the printed returns that decision had to be made on off-hand work when the aggregates appear equal. Such a position indicates that the various points are not properly appraised. Just prior to "Within sight of Lammernuir's" letter, I learned of the re-issue of Judges' Points. While I cannot doubt that the printers produced the latter free of charge, it is difficult to understand how such errors could be "printers' errors." They look more like the results of inefficient compiling or proof-reading. To the generally

THE Scottish Dairy Show, organised under the auspices of the Glasgow Agricultural Society in collaboration with the Corporation of Glasgow, took place this week in the Kelvin Hall, Glasgow, opening on Tuesday and continuing until Saturday, and, although the occasion coincided with the renewal of a severe snowstorm in many parts of the country, it was attended by a gratifying measure of success. Owing to wintry conditions then prevailing, some of the exhibitors, particularly from the more outlying areas, were rather chary about allowing their stock to undertake the journey to the show, knowing the element of risk which might be encountered on the way, but in the great majority of cases the decision to go ahead was taken—one factor kept always in mind being the desire to enhance in every way possible the general prestige of Scotland's own dairy show. And when once the various breeds were assembled together within the spacious hall they combined to make up a display that won the warmest praise and appreciation of the farming community and attracted the admiration also of the many city and town dwellers who visited the show in course of the week. There was a great array of trade stands, practically every aspect of dairy farming being represented in some form or other, and these comprised, of course, another feature of interest for the visitors. The general secretarial duties and arrangements for the show were carried out by Mr Alex. G. Young, secretary of the Glasgow Agricultural Society, and Mr Walter Barlow, general manager of the Kelvin Hall.

The cattle had arrived in the hall by Friday night. Catalogue entries totalled 495, but, as anticipated at dairy shows, there was quite a percentage of absentees. Exhibitors could make as many entries as they desired, but were, allowed to send to the show only two animals in any one class. At the last Scottish Dairy Show held 15 months ago, the turnout of Ayrshires was very disappointing; but this was certainly not the case on this occasion, no fewer than 94 appearing in the hall. The turnout of 22 Dairy Shorthorns this week was most pleasing, in view of the fact that this is the most numerous dairy breed in England and was not represented at all at the last dairy show in Glasgow. The number of Jerseys and Guernseys forward was quite gratifying, considering that these were amongst breeds prevented from being as fully represented as had been intended—on account of restrictions imposed by the Ministry of Agriculture following the outbreaks of foot-and-mouth disease in the South of England in the early part of last week.

The following table, giving for comparison, the figures for the two shows, is of interest.

	1949 Entries	1949 Number Forward	1948 Entries	1948 Number Forward

The official milking trials were held on Sunday, and the judging of the cattle (inspection classes) took place on Tuesday. On this occasion a class was included for all six dairy breeds, open to cows which have yielded over 50,000 lb. of milk. The show was officially opened on Tuesday afternoon. Several of the special trophies were awarded on Wednesday, and the supreme cattle championships were decided on Thursday. That day, too, saw the judging of the poultry and rabbit sections. During the week there was a splendid programme of other interesting events in the arena, including agricultural displays, sheep dog demonstrations, tractor driving competitions, &c., and of special appeal to young farmers—though watched with equal interest by the general body of spectators—were the Y.F.C. stock-judging and cattle dressing competitions.

The judges of the cattle (inspection classes) were:—Ayrshires—Mr Alexander Kirkpatrick, Barr, Sanquhar, and Mr Dugald Mackay, Symonds Hyde, Hatfield. British Friesians—Mr F. Loftus, Boyton Hall, Finchfield, Braintree, Essex, and Mr A. Steel, Temple Farm, Prittlewell, Southend-on-Sea, Essex. Dairy Shorthorns—Mr James Holme, Hackthorpe Hall, Clifton, Penrith. Guernseys—Major R. W. Cooper, Tackley Park, Tackley, Oxon. Jerseys—Dr R. W. Wheldon, Middle Herington, Sunderland. Red Polls—Mr Alfred Tibbenham, Weybread Hall, Diss, Norfolk. The championship awards were made on Wednesday and Thursday by Mr John Craig, The Goat Farm, Ringmer, Lewes, Sussex. The milking trials were under the supervision of Principal John Kirkwood and Mr A. B. Smart, of the Glasgow and West of Scotland College of Agriculture. Poultry were judged by Mr J. H. Hartley, Aresgill, Eaglesfield; Mr George Clark, Wishaw; Professor Stephen Young, Glasgow; Mr W. Binny, Denny; and Mr R. Scott Miller, Crieff; while Mr Herbert Phillips, Rugby, and Mr Robert Brown, Kirkcaldy, judged the rabbits. There were no fewer than 14 judges for the pigeon section.

THE OPENING.

As already mentioned, the show was officially opened on Tuesday afternoon, this duty being performed by Rt. Hon. Col. Walter Elliot in presence of a large and representative attendance of visitors. Mr Victor Warren, Lord Provost of Glasgow, presided, and in course of some remarks he said the main feature of the show, apart from its growing interest to people interested in agriculture—particularly in dairy herds—was the fact that it was giving the people of Glasgow an opportunity to see something of what happened on the land. Glasgow as a city was very dependent on agriculture. In spite of the suggestion made by some that Scotland could feed itself, it was not as yet capable of feeding the city of Glasgow, he remarked. They had, unfortunately, to import quite an amount of their requirements. He hoped the day would come yet—and very soon—when Scotland would be able to feed Glasgow and the other large cities of this country.

In introducing Col. Elliot, the Lord Provost recalled his past services as Minister of Agriculture and Secretary of State for Scotland.

Col. Elliot referred to Glasgow as being a consumer of enormous quantities of agricultural produce and as a great market for these products. The dairy industry, he remarked, had a right to be considered as one of the great industries of Great Britain and particularly of the South-West of Scotland. Though he understood the Friesians were making a lot of running in the show, the people of Glasgow and of the South-West had a very warm corner for the Ayrshires, which had been produced in the South-West and were one of the great breeds of the world. Glasgow people, he remarked, were interested in home produce and home achievements.

Continuing, Col. Elliot said he had been interested, when Minister of Agriculture, in the development of the use of milk, in the founding of Milk Marketing Boards, and in the introduction of the milk-in-schools scheme. Fresh milk, he added, was of all things the most valuable for the growing creature—whether it be calf or baby.

Regarding milk production, Col. Elliot said they were coming to the point where efficiency would be of vital importance. Milk was no longer on the ration. Efficiency and cheapness would come—and to secure cheapness a healthy milk-giving animal was perhaps the most important. The "cleaning-up" of herds, which had gone further in Scotland than in England, would have to go further yet. Denmark had gone much further than we had in the matter. "In 1937," he went on, "they had 26 per cent. of their herds non-reactors; in 1947, 97.4 per cent., and in 1948 it was brought up to 99.2 per cent., which is, practically

speaking, 100 per cent. clear. During that time tuberculosis in humans has fallen off—and that is a great lesson to us, particularly in Scotland where we are all uneasy about the rise in the tuberculosis rate."

They were now, Col. Elliot remarked, engaged in the marriage of agriculture and health and the bringing together of town and country. That was a great ideal. They were greatly indebted to all associated with the promotion of the dairy show, and he expressed great pleasure in declaring it open.

A vote of thanks was accorded to Col. Elliot on the call of Mr Harold Brown, convenor of the Kelvin Hall Committee, and Sir Guy Shaw Stewart acknowledged the co-operation of the Society's Committee and of Glasgow Corporation in the organisation of the show.

AYRSHIRES.

There was a good turnout of Ayrshires, and the aged cows in particular were outstanding. In the opinion of many breeders, some of the exhibitors in putting forward their entries had sacrificed inspection qualities to milk yields, and this was perhaps shown most in the two cow classes. On the whole, however, Ayrshire breeders are to be congratulated on putting forward such a creditable display. As at the 1948 show, there was strong competition from English breeders—in fact, the first prizes in all three classes went South of the Border.

There was an exceptionally good class of 40 aged cows, which were given the complete ring to parade in before the short list was drawn out. Finally, the judges selected 23, eleven of which were placed. There was little to choose between the first and second winner, but the red ticket was awarded to Galley Lane Amoria 3rd, a seven-year-old cow shown by Mr Richard Barbour, Galley Lane, Bletchley, Buckinghamshire. This cow showed plenty of breed character, was gay on parade, and well set on her hind legs, but perhaps a little strong in her teat. Her daughter won the inspection and the milking trials at London Dairy Show in 1948. She is by Bargower High Grade (34327) out of Torrore Amoria 2nd (98678). Mr Barbour, who is one of the most prominent Ayrshire breeders in the South, went to Buckinghamshire some years ago, and his father Mr Adam Barbour, Auchengibbert, is a noted figure in the South-West of Scotland. A favourite with many of the ringsiders was Kildavanan Lustre (32566), an eight-year-old from Mr Thomas Lochhead, Kildavanan, Rothesay, which was placed second. She is a daughter of Bruchag Stamina (39720) out of Kildavanan Charm 4th (85544) and is a particularly nice dairy cow, with very good hind vessel, and the best of feet and legs. Balig Sheila 3rd (75536) was third. This six-year-old cow bred by Mr Thomas Black, Balig, was shown by Mr J. M'Ilwraith, Eggersness, Garlieston. She was perhaps a little off bloom, and consequently did not take the eye like the first two, but she is nevertheless a grand type of dairy cow. She is by Bargower Silver Boy (47944) out of Low Milton Star (11973). Mr D. M'Alister, Nether Ardrosadale Rothesay, was fourth with the home-bred Ardrosadale Rose 9th (78374), a daughter of Bruchag de Luxe. This five-year-old is a nice dairy-like cow, and her gaiety in the ring impressed many. A pleasing type of dairy cow, Eyton Beatrice (80144), shown by the noted English breeder, Mr W. H. Slater, Eyton Farm, Wellington, Wiltshire, was fifth.

There were 30 animals paraded in the younger cow class. The judges quickly selected a short list of 19, and after a walk round the ring, the number was reduced to 11. Again the red ticket was awarded to an English breeder when the Scottish-bred Dale Phyllis (14704), shown by Mr and Mrs Dudley Beck, Darland Hall, Rossett, Wrexham, headed the class. This cow was bred by Mr J. A. Barron, Langhaugh, Brechin, from whom she was purchased in August, 1948, after having been awarded first prize and second reserve champion at the Angus Show that year. She is by

Howie's Remarkable (43526), out of Findowie Petal 2nd (13299), and is a very sweet, well-bred cow with deep body, smartly carried head, beautiful vessel, and well-placed teats. Another member of the noted M'Alister family, Mr James M'Alister, Bruchag, Rothesay, was second with Bruchag Maud 2nd (28253), by Meikle Kilmory Silver Crest, out of Meikle Kilmory Maud 7th. She was perhaps a little bare in condition, and was hardly so good in her hind legs as the winner, but she shows great promise. A typical milky cow came in third from Messrs James Garven & Sons, Tandlehill, Beith. This was Tandlehill Orange Blossom 2nd (96313), by Ardrosadale Duplicate, out of Tandlehill Orange Blossom. She gives every indication of being a first-class milker, being deep in her flank, with capacious vessel and well-placed teats. The well-known East of Scotland breeder, Mr Rupert Chalmers Watson, Bankrugg, Gifford, was fourth with Craighead Quisic, bred by Mr T. Drummond, Craighead, Manchine, and sired by Killoch Ambition (48380), out of Craighead Jean (98903). She is a typical four-year-old cow and was one of the favourites with the ringside. She was exceptionally good in her hind legs but was perhaps a little heavy in her head. Another English breeder, Mr T. H. Udale, Eyton House Farm, Wellington, was fifth with Wild Moors Minnie 5th (33345), by Eyton Bold Mariner (57893), the sire of all his exhibits at the show.

The heifer class, with 18 entries, was a little uneven in quality, and consequently caused the judges some trouble in making their awards. The red ticket went to Mr W. H. Slater's home-bred Eyton Tiger Lily 2nd by Bargower Silver Ace (54771), out of Eyton Tiger Lily (90193). She is a real dairy type, and carried herself well. She looked particularly well when standing. In second place came Mr R. Paton, jun., Warren Farm, Ridgmont, Bletchley, with Ridgmont Peggie 4th by Hillhead Justice (54404), out of Ridgmont Dolores (27096). She was perhaps a little bare in condition, but she undoubtedly shows great promise. A general favourite was Mr S. E. Opperman's Stuart Mistal by Dunrod Bonny Briar, out of Wheatrig Mistal 3rd, which was third. She was carrying the best vessel in the class, and should develop into a really good dairy cow. The well-known breeders, Messrs A. W. Montgomerie & Sons (Ltd.), Dunduff, Dunure, were fourth with Dunure Fascination (55457), by Less-

nessock Worthy Conquest, out of Heavyside Fascination. She, too, is a nice heifer and shows good promise and no doubt will be heard of again. Mr G. K. Knox, Kersland, Monkton, was fifth with Kersland Fanny 2nd (50392) by Bargower Future Reference out of a home-bred cow; while Messrs Montgomerie were sixth with Lessnessock White Clover 4th (55506) by Burton Topsman, another nice type of heifer.

The extra inspection prize was awarded to Mr Richard Barbour's Galley Lane Amoria 3rd, with Mr J. M. M'Alister's second prizewinner Bruchag Maud 2nd in second place. The first prize four-year-old was ineligible, not having given the required milk yield. Mr T. Lochhead's Kildavanan Lustre was third and Mr James Garven & Sons' Tandlehill Orange Blossom 2nd was fourth.

The class awards were:—
